

# CALL FOR PARTICIPANTS

Dr. Thanh Dang-Vu, MD. Ph.D's Sleep, Cognition, and Neuroimaging laboratory is looking for **individuals with narcolepsy** to participate in a study researching the causes and brain effects of narcolepsy.

## Course of the study

Over the course of **2 nights**, including **daytime naps**, information on sleep and cognition will be collected via **neuroimaging and cognitive assessments**.

## To participate in this study, you must:

- Have a **diagnosis of narcolepsy (Type 1 or 2)**
- Be aged between 18 and 64
- Have **no other sleep disorder**
- Have no major psychiatric or neurological disorders
- Not be pregnant or breastfeeding
- Be willing to discontinue some medications (e.g., 48h for stimulants)
- Be eligible for an MRI scan (no pacemaker or metallic prosthesis)

**Total compensation: 200 \$ per participant, with up to 1,000 \$ reimbursable for travel expenses**

Assessments will take place at the CRIUGM (Research center in Montreal) located at **4545, Queen-Mary Rd, H3W 1W4, Free parking**.
